OWNING OUR FUTURE

Capital Campaign

The River Center recently purchased the “River Center” building located at 126 N. 4th Street in New Castle and is beginning a capital campaign for building improvements as well as to help pay down the mortgage.
The building improvements are our main priority as they will help our outreach teams have more space and storage, provide double the space for Lift-Up’s food pantry as well as providing an in and out door for their pantry, and open the building more for community rentals. We are seeking support towards the cost of those improvements through either monetary donations or product donations. **Our goal is to have these funds or items raised by October 1, 2022.**
